Video tutorial: Aurora furnishes and lights up outdoor areas with a design touch

Aurora Installation and start up: just a few minutes for a simple assembling

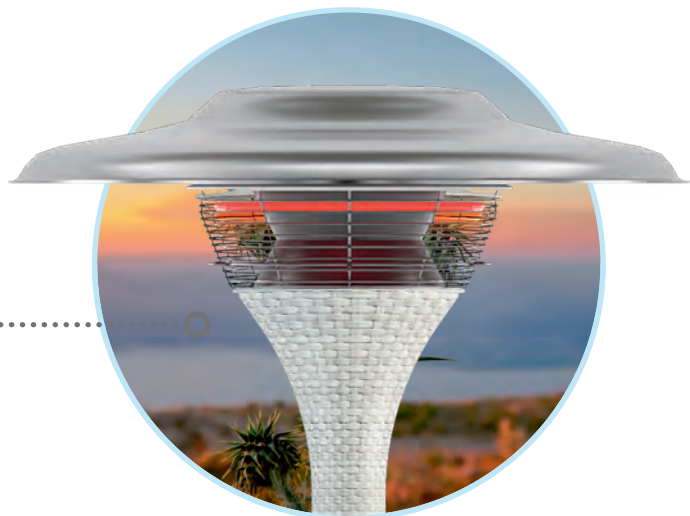

Tutorial Aurora discover how easy is the preventive maintenance

A light in the dark with freshness during the day

There's a light that makes this night more fascinating. Shapes can confuse senses. The soul dances. A new style comes alive in its rite of initiation.

Details make perfection and perfection is not a detail

A sombrero to shelter and diffuse

The convenience of having a large disk that reflects heat and diffuses it more effectively. Also, thanks to Sombbrero, your Enjoy product will effectively shelter users from bad weather.

With Multicolor Lights Kit you can choose between all colors of the rainbow

Lights Kit Multicolor: colour your business

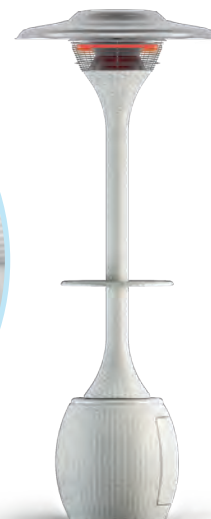

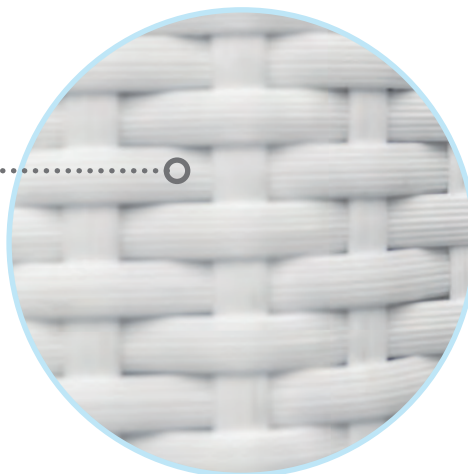

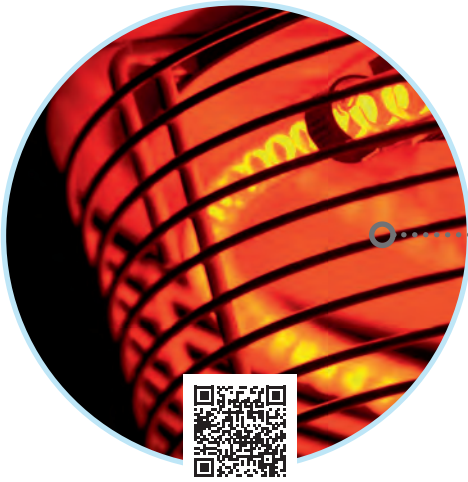

You will be able to customise the color and type of lighting of Enjoy rattan products choosing from all color and shades in the rainbow, via a user-friendly smartphone app. The definitive method to attract custom: with colored light your premises be full and buzzing all the time. *Included with: Sole, Oasi Base, Oasi, Aurora*

Furnishes

It's Cool!

The nice design, combined with highly selected materials, creates a product of absolute value, a piece of furniture unique in the marketplace. Synthetic rattan presents a dense and precise twine, is resistant to UV rays and atmospheric agents, is waterproof and creates stylish pieces of furniture. Wholly designed in Italy by Idrobase Group.

Heats

Break free from seasonal constraints

An heating lamp: bar and restaurants can now keep their customers warmed up during the winter.

An electric resistance that heats when the temperatures are low, so as to be able to spend in comfort the moment of drink outside. When it is too hot a misting system refreshes people and neutralizes odour.

Included with: *Sole, Oasi Base, Oasi*

Refreshing

Cool: YES, wet: NO

The millions of pressurized water droplets produced are thinner than a single hair. The sprayed water vaporizes before touching the ground without wetting people or objects and lowering considerably the surrounding temperature. To work optimally, we recommend using Enjoy products in poorly ventilated areas.

Best defence against mosquitoes

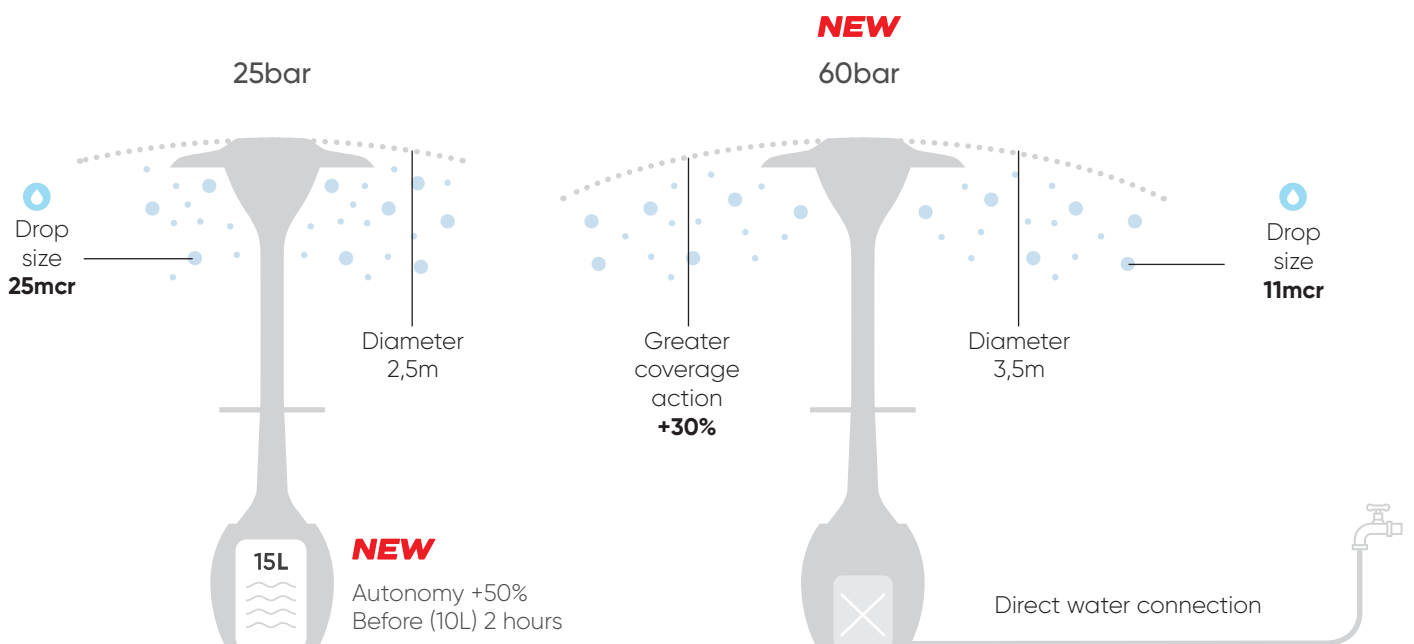

Do you want to enjoy carefree evenings outdoors? With the **Stop Mosquitoes** action kit you will be rid of annoying mosquitoes at last.

Personalise your outdoor wellbeing: choose yourself, according to your specific needs, which mix to spray in the air.

Thanks to the misting system installed in our **Enjoy** products, you will be able to spray the **Stop Mosquitoes** mix that best meets your needs. With the **Stop Mosquitoes** kit, just program **your Enjoy product** according to your required function: **cooling** or **Stop Mosquitoes**.

Operation will be managed in a **simple and fast** manner **thanks to the** implemented management software. **Choose your program, and it will run automatically, thanks to the optimised management of pause/work times.**

25 bar vs 60 bar

Cool & healthy

Sterilized nebulization system

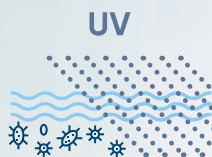

The moments of spare time and those spent with family are among the most precious in our lives. When we meet friends in a club or when we spent time with children and animals in the garden we relax, we only think about the time devoted to our loved ones.

In these situations, it is important to have a protected environment around you, such as the microclimate created by the **Enjoy Your Life Night & Day®** furnishing accessories. The traditional advantages of Enjoy misting are well known: the cooling, produced by the heat exchange between the misting cloud and the air, brings along with it the neutralization of odors, the dust suppression such as cigarette smoke and the distancing of flying insects.

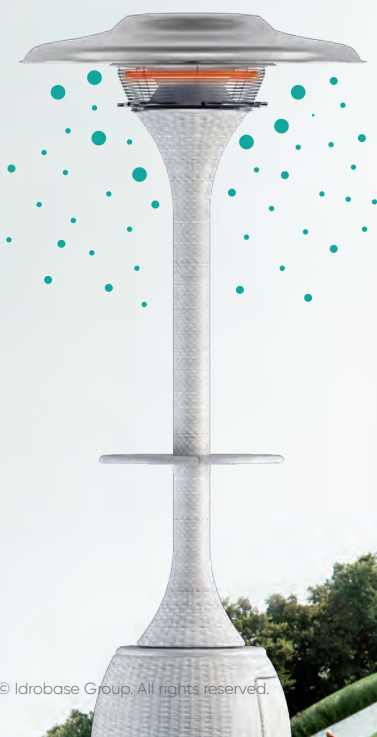

Today Idrobase wants to combine these benefits with the guarantee of the **"Clean Breathing"** system, which **sterilizes the water**. In fact, although the water is originally pure and genuine, it can be easily contaminated and host pathogens such as bacteria, viruses and other parasites.

To avoid similar risks, the very fine misting of the Enjoy is purified before emission: the water source is exposed to **(UV) rays** with a wavelength that destroys the DNA of harmful microorganisms. It makes them harmless and it blocks their reproduction.

Idrobase offers **"Clean Breathing"** as a standard and with no change in price: **Enjoy Your Life Night & Day®** is enriched with safe and certified technology, which does not require frequent maintenance, because it is not based on filters, and which will allow you to **nebulize always sterilized water**.

"Clean Breathing" as a standard and with no change in price
